B. GAYATRI

*We meditate on the glory of that Being who
 has created this universe..who is fit to be
 worshipped..who is the remover of all sins
 and ignorance. May He enlighten our intellect*

*NOTE: The Gayatri should be recited at least
 THREE times every day..that is..in the morning..
 at sunrise, at noon and at sunset.*

*"Repeat the Gayatri. It is the most universal
 and the most effective prayer.*

It has three parts;

*(1) Contemplation of the glory of the light that
 illumines the upper, middle and lower worlds.*

*(2) Picturisation of the infinite grace that
 flows ever from that light.*

*(3) Prayer for full and final liberation,
 through the awakening of the innate intelligence
 that pervades the universe as light.*

All can use this prayer and be saved by it."
