To awaken in all beings, the awareness of the same  
**DIVINITY AND HUMAN VALUES INHERENT IN ALL,**  
by propagating through understanding, practice and  
example, the basic principles of:

*Workshop subject:* **'Tackling Adversities'**

*Briefly:-* Treat everyone as your own people and even if you cannot do them any good, desist from causing them any injury. Burn the lamp of love inside the niche of your heart and then the nocturnal birds of greed and envy will fly way, unable to bear the light. Divine Love makes you humble; it makes you bend and bow when you see greatness and glory. An unbending person is infected with egoism of the worst type; remember man is the only animal that can recognise and revere the great and the glorious. Use that capacity of human values and derive the best advantage out of it. - *Teachings of all religions and faiths*
